Troubled European Situation Responsible for Some of Heavy Tone.

NEW YORK, March 15 .- Business in stocks to-day fell another degree in the scale towards idleness. The assembling of Congress had little effect in releasing the market from its bonds. The delay in reporting the new tariff bill and in sending in the President's special message was the assigned modence was expressed that this week would end the present duliness in stocks. Such action as was taken was not expressive by any active steps in the stock market.

The troubled European situation was responsible for market have the stock market.

responsible for some of the heavy tone at the outset. Selling orders were executed for foreign account in fair sleed blocks with the result of carrying the international list under the closing level of Saturday.

Speculators in Reading had another disappointment in the absence of a decision by the Supreme Court in the atmendities clause test case. The strengthening effect of this postponement on the stock is taken to indicate that the professional speculative element is counting still on a decision adverse to the railroads.

Prices of copper were marked down

adverse to the railroads.

Prices of copper were marked down again, the price of the metal falling a full 1-4c per pound at the tocal metal exchange. The day's price movements so balanced in the day's total transactions that they are trial declines. Bonds were steady total sales, par value, \$2.384,000. United States bonds were unchanged on call to-day.

Total sales of stocks to-day were 315,-500 shares.

[Special to The Times-Dispatch,]
RALEIGH, N. C., March 15.—Preparations are afoot now for the trial of Earl Cottom, Tim Holderfield and "Red" Hopkins on the charge of the murder of Dr. E. W. Smith, of Richmond, traveling salesman for the White Oak Coal Company, of Richmond, the trial to be held during the term of Superior Court, which convenes here next Monday. The trial was continued from the January term after the special venire of 250 men had been drawn and about \$1,100 trial expense incurred, owing to the contention of counsel for the defense that Cotton was in no mental or physical condition to undergo the trial. It was said at the time that he was under the influence of cocaine, in the use of which he was being "tapered off" by the physicians. Cotton is a son of a prominent physician here.

The trial will come up during the second week of the court, over which Judge Lyon will preside. The murder was committed in the early hours of Sunday morning, November 14. last, and the body of the murdered man was found out in the rock quarry east of the city. When the case was continued last term there was much complaint among citizens and county authorities that the preliminary arrangements for the trial should have been permitted to advance so far as to involve an expense of \$1,100 to the tax-payers of the county before the move for continuance was made.
